# Pyxis ES Training Modules

E. Select “Launch” button beside the six required modules listed below to complete training.

## For Pyxis ES training, complete the following six modules:

**CLP1107A:** Accessing the Station (FYI - St Elizabeth uses the username with BioID sign-in method); You will use your “user ID” NCI# provided by pharmacy after submission of the Pyxis ES access form. Your initial password is Welcome1. Once logged in, to change your password, go under MORE > Preferences > Change Password.

**CLP1107B:** Selecting Patients at the Station

**CLP1107E:** Removing Medications

**CLP1107F:** Returning and Wasting Medications

**CLP1107H:** Resolving Discrepancies

**CLP1107N:** Pyxis MedStation ES System Tutorial Quiz for Nursing

The screenshot shows a web browser window displaying a curriculum page. On the left, there is a circular progress indicator showing 0% and the text "CURRICULUM PROGRESS". The main content area lists several training modules, each with a "Launch" button. The modules listed are:
