

# Pyxis ES Training Modules

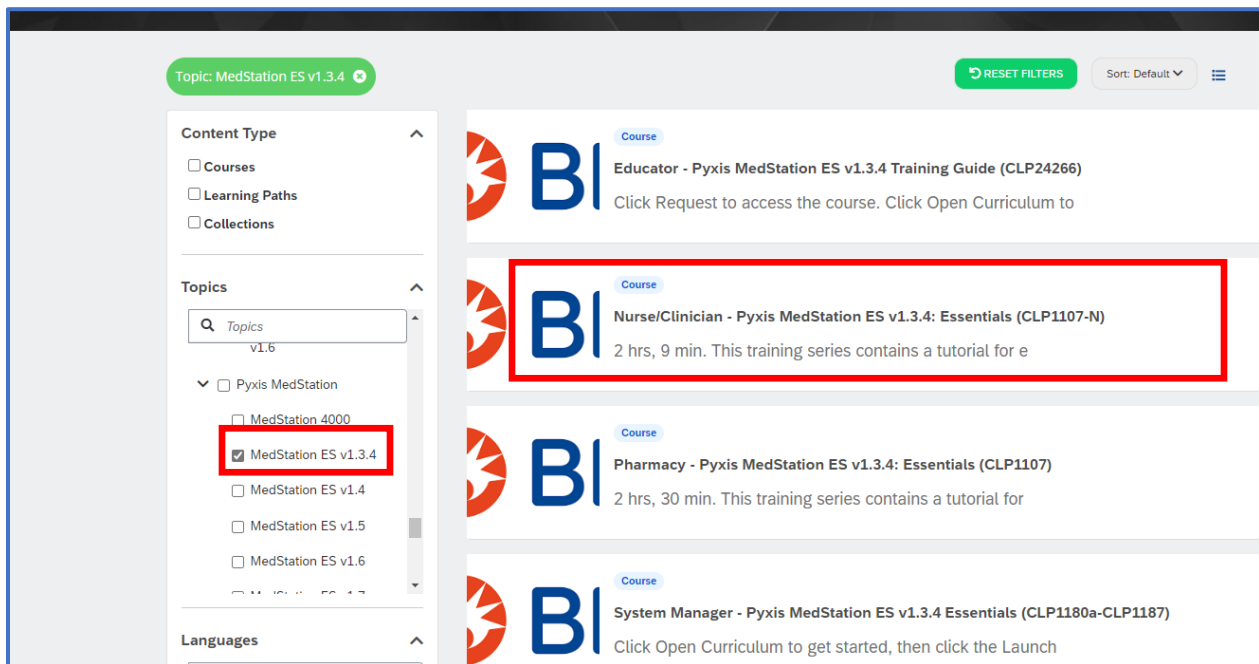

Go to <https://bd.com/LearningCompass>

Create an account by clicking on **New User Registration** to access the site for the Alaris and Pyxis ES online training portal. Must allow popups.

A. Select **“Content Library”** at top of webpage.

B. Under Topics section on the left side of webpage, scroll down to **Pyxis MedStation**, then select box next to **MedStation ES v1.3.4**. The **Nurse/Clinician - Pyxis MedStation ES v1.3.4: Essentials (CLP1107-N)** course generates on the right side of the screen. Click on the Nurse/Clinician course.

# Pyxis ES Training Modules

C. Select **Start this course**.

The screenshot shows the Pyxis ES training course selection interface. At the top left is the BD logo. The main header area contains the course title "Nurse/Clinician - Pyxis MedStation ES v1.3.4: Essentials (CLP1107-N)", a description "2 hrs, 9 min. This training series contains a tutorial for each major clinician workflow performed at a BD Pyxis MedStation™ ES device, v1.3.4, used in Profile and Non-Profile mode.", and a progress indicator showing "0%". A red-bordered button labeled "Start this course" is highlighted. Below the header is a "MODULES" section with a list of training modules, each with a play icon, title, and "0% My Score" status.

| Module ID | Module Title   | My Score |
|-----------|--|----------|
| CLP1107-N | Pyxis MedStation ES System Tutorial Quiz for Nursing | 0%       |
| CLP1107A  | Accessing the Station                                | 0%       |
| CLP1107B  | Selecting Patients at the Station                    | 0%       |
| CLP1107E  | Removing Medications                                 | 0%       |
| CLP1107F  | Returning and Wasting Medications                    | 0%       |
| CLP1107G  | Performing Inventory                                 | 0%       |
| CLP1107H  | Resolving Discrepancies                              | 0%       |
| CLP1107O  | Station Reports for Nurses                           | 0%       |

# Pyxis ES Training Modules

D. Select Menu to scroll through courses.

For Pyxis ES training, complete the following six modules:

**CLP1107A: Accessing the Station (FYI - St Elizabeth uses the username with BioID sign-in method); You will use your "user ID" NCI# provided by pharmacy after submission of the Pyxis ES access form. Your initial password is Welcome1. Once logged in, to change your password, go under MORE > Preferences > Change Password.**

**CLP1107B: Selecting Patients at the Station**

**CLP1107E: Removing Medications**

**CLP1107F: Returning and Wasting Medications**

**CLP1107H: Resolving Discrepancies**

**CLP1107N: Pyxis MedStation ES System Tutorial Quiz for Nursing**

The screenshot shows a web browser window with the URL <https://mybdlearning.litmos.com/course/7287293/module/12282920/Scorm?LPid=0>. The page title is "CLP1107-N - Pyxis MedStation ES System Tutorial Quiz for Nursing". A red box highlights a hamburger menu icon in the top left corner. The main content area displays a quiz question: "What can the BioID fingerprint identification system replace when signing in to the Pyxis MedStation ES system?". The question has four radio button options: "Your Witness ID", "Your User ID", "Your Password", and "Your Email Address". At the bottom of the quiz area, there are buttons for "SUBMIT ALL", "PREV", and "NEXT". The left sidebar shows a list of modules, with "CLP1107N - Pyxis MedStation ES System Tutorial Quiz for Nursing" selected and highlighted in orange.
