

Inspire the next generation of leaders in STEM

EY STEM App

Junior Achievement is partnering with EY to bring your students this amazing app for girls interested in STEM related careers. EY and Junior Achievement support gender equity in all career pathways and recognize the importance of creating a diverse workplace in STEM related careers.

EY STEM App — an app to inspire

EY STEM App is an innovative gamified mobile app for girls aged 13-18 that aims to inspire the next generation of girls in Science, Technology, Engineering and Math (STEM) to create a more equal future. The app is free and available on iOS and Android.
